

Everything a teacher can do

A simple tour of the Vocaband teacher dashboard —
built for English teachers in Israeli schools, grades 4-9.

THE BASICS

The main dashboard

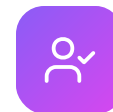

Quick Play

Start a game in seconds — students scan a QR code and play. No setup, no logins.

Classroom analytics

See who needs help now and which words are hardest. Export to Excel or a report.

Approvals

Students asking to join wait here. Approve or decline with one tap.

Worksheet results

See who finished a shared online worksheet and their score.

Vocabulary library

Build word lists once and reuse them in any class. No re-typing.

SET UP

Managing your classes

Create a class

One step to make a class. Students join with a short code.

Edit a class

Rename it, change its color, add the school name and logo.

Share a class

Invite by code, link, QR, WhatsApp, or a printable poster.

Roster & PINs

Add students, reset a login PIN, or print the whole list.

Delete a class

Remove a class you no longer need — with confirmation first.

PLAN

Creating activities

New activity

A simple wizard: pick words, pick games, set a deadline, share.

5 ways to add words

Ministry sets, a textbook photo, pasted text, a file, or AI.

Edit • duplicate • delete

Reuse a setup, tweak the words, or remove a finished task.

Share a link

Send a direct link to one activity for a class group chat.

TOGETHER

Whole-class & projector tools

Class Show

Project a game on the board. The class answers together — no phones.

Hot Seat

Pass one tablet around so each student takes a turn.

Vocab Wheel

Spin to pick a random student and a random challenge.

Live Challenge

The whole class races on the same words with a live leaderboard.

Printable worksheet

Turn a word list into a PDF. Works with no internet.

Vocabagrut

Generate a Bagrut-style mock exam from your own words.

HELPERS

Settings & handy extras

Saved tasks

Save an activity as a template and reuse it with one tap.

Dashboard theme

Pick a color theme that suits you, light or dark.

Presentation mode

Bigger, bolder text that reads clearly from the back of the room.

Network check

One tap tests the school Wi-Fi and shows what's not connecting.
