

Student Guide

Welcome to Vocaband! Here is how it works.

A short, friendly guide to help you start playing in your very first lesson.

No password

On any device

Play in school or at home

How to start

You only need three things: vocaband.com, the class code from your teacher, and your name.

1

Open vocaband.com

On your phone, tablet or computer. Any browser works.

2

Type the class code

Your teacher will write it on the board (6 digits) or show a QR you can scan.

3

Pick your name

Tap your name from the class list. Choose your avatar — you can change it later.

15 ways to play the same words

Classic

Choose the right English meaning.

Listening

Listen, then pick the word you heard.

Spelling

Listen, then type the word.

Matching

Drag English to its translation.

Memory Flip

Flip cards to find pairs.

Sentence Builder

Drag words to make a sentence.

Plus: Flashcards, Scramble, Reverse, Letter Sounds, Fill-in-the-Blank, True/False, Word Chains, Idioms, Speed Round. **Same words, fifteen different games** — pick what feels fun today.

What you earn

XP

EVERY CORRECT ANSWER

PLAY EVERY DAY

GROW YOUR PET

XP grows as you practice. A **streak** counts how many days in a row you played — even one short round counts. Your **pet starts as an egg** and grows through 8 stages as you learn. The shop has **30+ characters** to unlock, plus titles, themes, and a daily chest.

When you master 5 words

Your teacher can print you a **certificate of achievement** with your name and the exact words you have mastered — bring it home and show your family.

TIP

Practice for **5 minutes a day** instead of 30 minutes once a week. Your brain remembers small daily practice much better.

STUCK?

Ask your teacher. They can see what you are doing and help you on the spot.
